

# Sobo QB Gold

## Quick Break Degreaser – Environmentally sensitive areas

An aqueous oil degreaser with rapid quick break properties producing emulsion free rinse water.

Ideal for the removal of oils and greases from oil pollution equipment, hydro power stations and for cleaning in similar environmentally sensitive areas.

### KEY PROPERTIES

Sobo QB Gold offers very rapid quick break separation of the oil phase from its rinse water. It is particularly recommended to resolve discharge consent problems especially when cleaning in environmentally sensitive areas

- Quick Break
- Readily biodegradable
- Separator friendly
- Low hazard profile
- Marine friendly

### APPROVALS

- **Separator friendly:** meets pr EN 858

### APPLICATION

- Can be used as supplied for general degreasing.
- Dilute at 4 to 6% for maintenance cleaning.
- Apply by contact, spray, soak or wipe.

### TECHNICAL DATA

Appearance	Pale yellow liquid
pH	8.0 – 9.0
SG	1.035
Flash Point	>93°C
VOC Content	Negligible
BOD/COD 5 day	70%

### PACKAGING

4 x 5L, 20L, 200L and 1000L

### SAFE HANDLING AND STORAGE

Store in original containers and avoid extremes of temperature. For guidance on handling and disposal see Safety Data Sheet.
